

RESUME – Tomas Flidr

Personal data

Birthdate: August 6th, 1986
Permanent address: [Voriskova 567/8, 623 00, Brno - Kohoutovice, Czech Republic](#)
Tax ID: [74813871](#)
Contacts: [+420 724479802](#), tomflidr@gmail.com, tomflidr.cz

I love to create unusually specialized tools that make work-life easier for me, people around or people on my IT courses. Experience in IT has taught me, that time is money, therefore it decides about the developer quality, how well he can weigh these two things against his inappropriate precision of source code :-)

Education - 2001 – 2005 [General Grammar School in Policka, Czech Republic](#)

Personal Open Source Projects

Desharp - debugging, PHP tracy equivalent in C#	Ext.TS - Ext.JS API docs transpiler into TS defs. in C#
Databasic - comfortable API for ADO.NET in VB	Web Dev Server for Node.JS
Paralel Pooler - custom threads pooling utility in C#	- more comfortable web development environment for apps in Node.JS with TS
MvcCore PHP - framework for single file apps/tools	
Ajax.js - light utility for AJAX requests (JS/TS)	iDiet.js - custom jQuery implementation

Work experiences

2008 – now Lecturing activities in [ICT Pro s. r. o.](#) / [PCDIR Real s. r. o.](#) / [PROFIMA EFFECTIVE, s. r. o.](#)

- Proposals and responsibility for successfully realized IT trainings (Czechia, UK and Netherland), outline customized by me or client, always with my examples and use cases, Czech or English, client's evaluation at the end.

2018 – now Contract cooperation with [Smart-CON s. r. o.](#) (self-employed)

- Design, realization and responsibility for running of new generation of internal system for remote management with several thousand mobile routers (bus and train transport), reporting of anonymously collected information for marketing and diagnostic purposes in real time 24/7. Contract continuous development from home.
